

Let's "GO" – Unbeatable with our customised magazine

Short description:

"GO" is the tailor-made special magazine as a supplement to the **material+technik möbel** trade magazine. In close cooperation with you, our editors Richard Barth and Klaus Leonhard prepare the topics and content. With the depth of its editorial content, the magazine is able to provide the target group with detailed and practice-relevant ideas for the use of your product and/or service.

Print run, distribution, format, layout, language(s) as well as integration in the **material+technik möbel** trade magazine can be individually decided by you as the customer. 16 pages is the minimum size, which can be expanded as needed in increments of 4 pages. The costs for our customer magazine "GO" are individually calculated depending on your requirements and wishes.

Our customer magazine "GO" also appears as an online edition/e-book on www.material-technik.de.
